CRUISE
WHITSUNDAYS

CRUISE WHITSUNDAYS

The Whitsundays, made up of 74 islands and coastal central queensland, are located halfway between Brisbane and Cairns. Situated on the Great Barrier Reef, a massive stretch of coral teeming with marine life, most of the islands are uninhabited. They're characterised by rainforests, hiking trails and white sand beaches. The town of Airlie Beach on the mainland is the region's central hub.

Cruise Whitsundays is the region's largest and most experienced marine operator, offering a range of day cruises and island resort connections.

Cruises visit the Great Barrier Reef, Whitehaven Beach and islands, with unique overnight experiences also available including Australia's first underwater accommodation, "Reefsuites" which opened late 2019.

Resort connections provide services between island resorts and the Whitsunday Coast, and connect the region's airports arrivals and departures.

Tours depart from Port of Airlie in Airlie Beach, Daydream Island and Hamilton Island.

GETTING HERE

BY AIR

If you are travelling to the Whitsundays from overseas, fly into Brisbane, Cairns, Sydney or Melbourne, and then book a domestic flight into one of the two airports in the Whitsundays. Brisbane offers the best range of connecting flights into the region.

The following two airports service the Whitsundays daily:

Great Barrier Reef Airport, Hamilton Island (HTI)
Whitsunday Coast Airport, Proserpine (PPP)

Resort connections provide transfers between the mainland and airports, as well as Hamilton Island Marina and Daydream Island.

SAL SALIS
NINGALOO REEF

SAL SALIS NINGALOO REEF

Where the outback meets the reef... With just fifteen eco-luxe wilderness tents and one honeymoon tent hidden amongst the dunes overlooking Ningaloo Reef, Sal Salis provides a unique place from which to explore Western Australia's coral coast and one of Australia's best kept natural secrets.

The camp lies amongst the sand dunes with the coral reef and its marine residents just a few metres off shore. Ningaloo is also acknowledged as the best place in the world to swim with the world's largest fish, the whale shark, as these gentle giants migrate through every year. Swimming with humpback whales is also a highlight for guests at Sal Salis. The coastal dunes and gorges in the Cape Range National Park provide a prolific terrestrial wildlife experience with red kangaroos, euros, echidnas, emus and more seen in and around the camp.

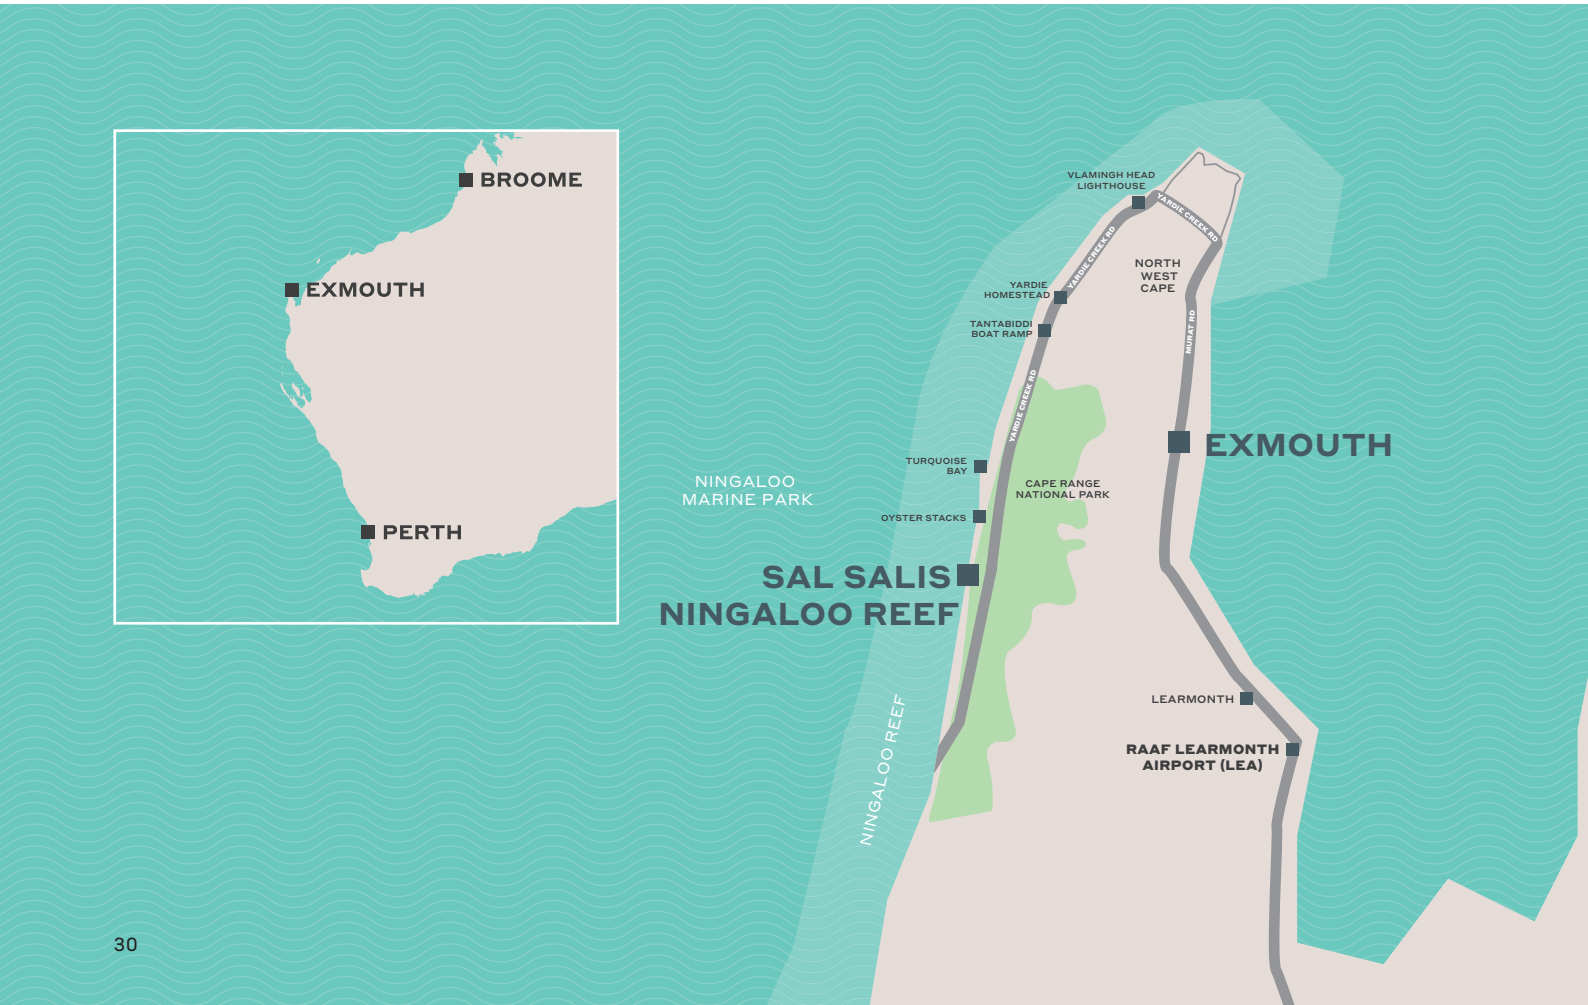

GETTING HERE

BY AIR

Qantas fly to Exmouth (Learmonth) with connections from most capital cities. Air and road transfers are available from RAAF Learmonth Airport (LEA) and must be pre-booked. You can self-drive to the camp; from Perth, it is 1330 kms/13+ hours. The drive from RAAF Learmonth Airport (LEA) is 90 minutes and from Exmouth town it is 1 hour.

INCLUSIONS

- Open mid March to mid November (two night minimum stay)
- Accommodation with eco en suite bathroom
- All-inclusive chef prepared meals and snacks
- Drinks from a select open bar
- National Park entrance fees
- Guided wilderness activities such as sea kayaking and snorkelling on Ningaloo Reef and walks in the Cape Range National Park

GUIDED GORGE WALKS

Early morning walks into the Cape Range provide a rugged and beautiful contrast to the reef and beach activities.

Guided walks usually depart before sunrise while temperatures are cooler, and take in Mandu Mandu Gorge and Yardie Creek Gorge. Keep an eye out for land mammals including red kangaroos, echidna and black-footed rock wallabies. Emus are also frequently sighted through the national park.

SEA KAYAKING

Guided forays across the Reef reveal an array of colourful residents – fish, sea turtles, reef sharks, rays and corals.

Kayaks are the perfect vessel for exploring the Reef and you will be shown how to do so without interference to the ecosystem. Our guided kayak-snorkels take you further offshore where we drop an anchor in the sand to snorkel some of the deeper lagoons. The lagoons in the Reef are some of the best snorkelling spots on Ningaloo Reef - look out for soft corals, sponges, wobbegong sharks and hundreds of marine fish. Between August and October, you'll see humpback whales migrating along the coast, just metres beyond the Reef.

SWIM WITH THE WORLD'S LARGEST FISH

Each year between mid-March and July these slow-moving, gentle, filter-feeding giants migrate past Ningaloo Reef.

Sal Salis offers whale shark swims with select local partners for an additional cost. This needs to be pre-booked as the boats do fill up months in advance.

Your whale shark experience begins with a transfer to Tantabiddi Boat Ramp (about 25 minutes' drive) where you will meet your experienced skipper and crew for the day. Morning tea is usually served as you motor out into the Indian Ocean to begin the search, aided by a spotter aircraft that relays sightings to our skipper. The crew will help you get kitted out with the proper equipment, and will also provide a thorough briefing.

During the course of the day, your crew will keep an eye out for turtles, dolphins, dugongs, rays and sea birds; plus there is usually time for a snorkel at the back of the Reef. A delicious lunch featuring fresh Western Australian produce is provided too.

ROTTNEST EXPRESS

Rottnest Island sits just offshore from the city of Perth, in Western Australia. A protected nature reserve, it's famous for being the home to the quokka, a small wallaby-like marsupial. White-sand beaches and secluded coves include The Basin, with its shallow waters, and Thomson Bay, the main hub and ferry port. Strickland Bay is known for its surf breaks, while reef breaks occur at Radar Reef, off the island's far western tip.

Rottnest Express is Rottnest Island's largest and most experienced cruise company, operating daily year-round ferry services from Perth and Fremantle to Rottnest Island. We have been in operation for more than 60 years, offering a reliable and trusted service.

There is an extensive range of both guided and self-guided day tour packages including complimentary morning transfers from hotels in Perth and Fremantle, a variety of on-island activities followed by an array of lunch options (not included in tour price).

Rottnest Express' fleet of three high-speed, ocean going ferries have been specifically designed for the local sea conditions and are widely known for their smooth, fast and safe crossings. Snacks and beverages are available for purchase on board.

Ferries depart from B Shed and Northport terminals in Fremantle, and Elizabeth Quay in Perth city. Perth departures include a fully commentated Swan River cruise.

WHEN TO VISIT

SEPTEMBER – APRIL

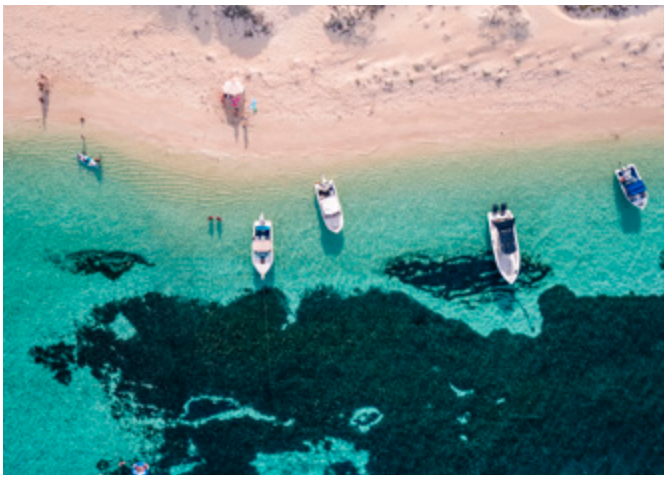

Most popular time to visit the island for swimming, snorkelling and other outdoor pursuits. Whales can often be spotted from September to mid-November.

MAY – AUGUST

Temperatures are still fairly mild in winter. Winter on the island is drier and often a few degrees warmer than it is on the mainland.

Toast the top end's legendary sunsets from a location like no other. On the city of Darwin's doorstep, Darwin Harbour features incredible wildlife, historical landmarks, and unbeatable views of the tropical city.

Experience the spectacular natural beauty of the Top End in comfort aboard the 'Charles Darwin'. The vessel has two air-conditioned levels, the Captain's Deck (lower, larger level) and the Bridge Deck (middle level), as well as a sensational third level known as the Sundeck, the ideal location to experience Darwin's famous sunsets. Either dining under the southern stars, or soaking in the splendour of the skies at sunset, you'll experience the best views Darwin Harbour has to offer.

Tours depart daily from Stokes Hill Wharf (Feb - Nov).*

*Limited services during the wet season (Dec – Feb).

WHEN TO VISIT

APRIL - NOVEMBER

Dry season is the most popular time to visit the Top End, with clear skies, balmy nights and warm days. The temperature drops to a relatively cool 25 degrees on the Harbour. If you struggle with humidity, the dry season offers more comfort.

DECEMBER - MARCH

The wet season brings hot and humid weather, lush greenery and bursts of rainfall. The 'Charles Darwin' contains two air-conditioned levels, which are a great option in these warmer months.
